S260

Dual 30hp Side Surface Drying System

Proto-Vest Inc.
A Division of J.E. ADAMS INDUSTRIES, LTD

Features & Benefits

- Adjustable Bag Angle
- (1) 30 Horse Power Motor Per Side
- Touch Free Drying
- High Vehicle Count Per Hour
- Low Maintenance

Motor Specifications

- (2) 30hp, 3600 RPM's
- 208-230 / 460 volts
- 1.15 service factor
- Frame: 286TS
- 3 Phase
- (TEFC) Totally enclosed, fan-cooled

NOTE: Wiring and controls to be provided by the purchaser:
Additional motor specifications available upon request.
Additional voltages available on special order.

The Proto-Vest S260 dryer is ideal for tunnels, rollovers and self-service operations. This dryer is usually packaged as a combination unit that can be used with all Proto-Vest dryers.

Equipment Options

- Silencer Package -
- Reduce decibel levels generated by the dryer to ensure a pleasant wash environment

- Stainless Blower Package
- All stainless steel blower assembly

- Motor starter options available:
- DOL Starter
- Soft start
- VFD

Your Choice in Air Bag Color

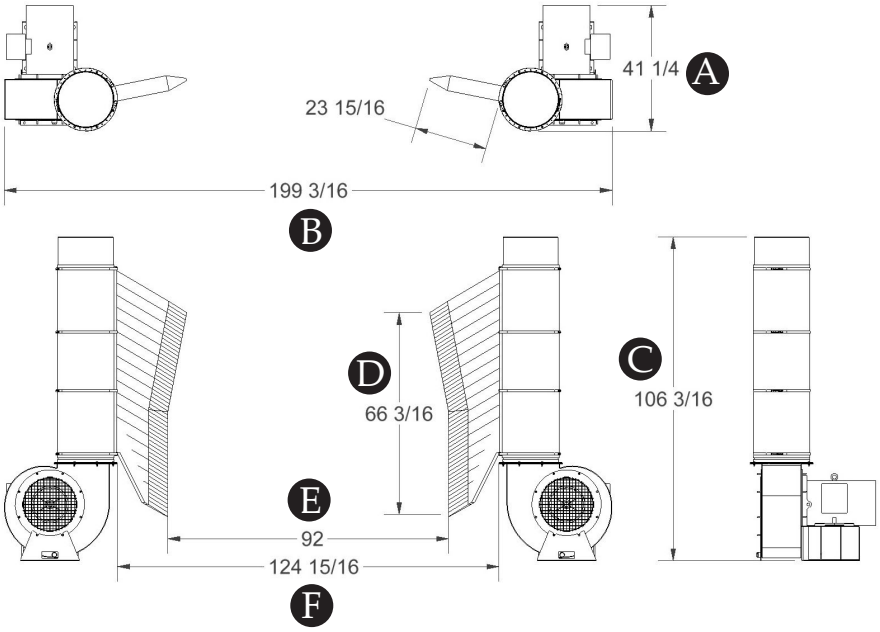

Proto-Vest dryer bags come standard Black.
Red, Green, and Blue available while supplies last.

The Ultimate In Drying Technology

S260

Dual 30hp Side Surface Drying System

Equipment Dimensions

A OVERALL LENGTH
41 1/4 in.

B OVERALL WIDTH
199 3/16 in.

C OVERALL HEIGHT
106 3/16 in.

D BAG HEIGHT

WS: 40 ft=62.4 dBa;		WOS: 40 ft=70.9 dBa
WS: 50 ft=60.5 dBa;		WOS: 50 ft=69 dBa

(The above decibel readings are interpolated.)

General Description

The Proto-Vest S260 is designed as both a stand alone and modular drying system that is ideal for tunnels, rollovers and self-service operations. This dryer is usually packaged as a combination unit that can be used in conjunction with any of our product lines. When packaged as a modular system, the S260 assist in providing an additional 60-hp of drying capability to any carwash application. This patented system utilizes two 30-hp blowers one on each side, a plenum and two 66" Proto-Duct™ side bags to direct air across the vehicle as it passes by the equipment.

Proto-Vest's stringent standards in material selection for its dryers results in extended equipment life and reduced maintenance. The S260's blower assembly is manufactured from high strength, powder coated steel. Its plenum is made from 5052-H32 aluminum and its bag is produced from durable Proto-Duct™.

(Please note that J.E. Adams recommends routine maintenance in order to maximize product life.)

Service / Support

J.E. Adams recognizes that support after the sale of equipment is critical to the success of our customers. Our company offers its customers access to the following services: replacement parts through our network of distributors and an engineering staff for custom designed applications.

*To contact customer support call us toll free at **800.553.8861** or go to **www.jeadams.com**.*
